

GUIDELINES FOR THE ORAL PRESENTATION COMPETITION (FINAL ROUND)

- Your presentation should be a pre-recorded video. We advise you to pre-record your video using the Zoom platform with your camera on. Alternatively, you may use Microsoft Teams to record your presentation, still with your camera on. Regardless of the platform of recording, you should produce a high-quality video recording of your presentation in mp4 format only.
- You will only be given seven minutes for your overall presentation. The presentation should be continuous (i.e. no cuts or edits in between). Recordings of more than seven minutes will be subjected to deductions based on the time in excess of the seven-minute mark. A leeway of ten seconds after seven minutes is acceptable for wrapping-up.
- The recording should be sent as a working link or an attachment to ctri@themedicalcity.com on or before October 15, 2023, 11:59pm. Recordings submitted after the deadline will not be considered.
- The order of the presentation will be announced on October 18 for the Case Reports, and on October 19 for the Original Research. The schedule of presentation is October 18, 01:00-04:00PM (Case Report), October 19, 01:00-04:00PM (Original Research).
- After playing each pre-recorded presentation, a LIVE open forum with the panel of judges will be opened. It is important that the author is virtually present in the webinar room during the entire session of the competition to address the questions of the panel. The open forum will last for ten minutes at the maximum.
- Judging of the final presentation will be based on the following criteria:

Manuscript	50%
Presentation Skills	25%
Open Forum	25%
TOTAL	100%
- After all the scheduled presentations, a voting poll will be opened in the online program for the determination of the special awards. Only those present at the end of the program will be eligible to vote. The special awards are as follows:

 - b. Best Presentation- chosen from the presentation skills scores and individual votes from the judges; to be awarded every session.
- The winners of the competition and the special awards will be given recognition by the end of the entire program during the awarding ceremonies.

- The poster should be designed based on the prescribed guidelines. Specifically, the poster should be in landscape orientation, 10 inches width, and 7.5 inches height. The title should be on top or bottom and a research highlight should be apparent. Supporting details, figures and tables should be added but not excessively. A space for a CTRI-provided QR code should be retained. For a sample poster design and specific guidelines, you may go to bit.ly/RW23Poster.
- The short video pitch should be recorded using Microsoft Powerpoint or Zoom without camera. The video pitch should be between 30 seconds to one minute only.
