

GUIDELINES FOR THE POSTER PITCH COMPETITION

- The poster pitch competition will be composed of two parts: the poster gallery to be setup in GatherTown and CTRI website, and a short video pitch about the poster's major findings. To qualify for the competition, the participant should provide these two requirements.
- The poster should be designed based on the prescribed guidelines. Specifically, the poster should be in landscape orientation, 10 inches width, and 7.5 inches height. The title should be on top or bottom and a research highlight should be apparent. Supporting details, figures and tables should be added but not excessively. A space for a CTRI-provided QR code should be retained. For a sample poster design and specific guidelines, you may go to bit.ly/RW23Poster.
- The short video pitch should be recorded using Microsoft Powerpoint or Zoom without camera. The video pitch should be between 30 seconds to one minute only. Highlight only the major findings in your case or research. You may answer the guide question: "What makes this case/ research interesting and worth sharing to the scientific and medical community?" For a sample video pitch, you may go to bit.ly/RW23Pitch.
- The poster and the video pitches should be submitted as file attachments or working links to ctri@themedicalcity.com on or before October 13, 11:59PM. Files submitted after the deadline will not be considered.
- The virtual poster gallery will be made available in GatherTown and CTRI website during the opening program of the Research Week on October 17, 2023. Both the poster and a link to the video pitch will be accessible to all the poster viewers.
